All Hindus whether Leftists or Rightists, whether upper castes or lower castes, whether rich or poor shall have to be arrested merely on a complaint howsoever flimsy by a Muslim or a Christian or any minority under the Prevention of Communal and Targeted Violence (Access to Justice and Reparation) [PCTV] Bill which Dr Man Mohan Singh, himself a minority, is planning to place before the Parliament. Draft of this totally anti-Hindu Bill was initially prepared by the National Advisory Council [NAC] headed by Sonia Gandhi, a Christian, who was born as Edvige Antonia Albina Maino.

The NAC comprises persons handpicked by Sonia Gandhi and Man Mohan Singh both minority persons. In this Council too Hindu members have been kept in numerical minority as was the case in the Sachar Committee and in the Ranganath Misra Commission. The Sachar & Misra Reports rob all Hindus [including leftists, SC, ST & OBC Hindus, rich or poor Hindus] 15% of jobs, 15% of promotional avenues, 15% of educational seats and 15% of economic opportunities.

The PCVT Bill is based on presumption that communal riots are always committed only by Hindus and never by minorities. This law can be invoked only against Hindus by minorities. Muslims, Christians who commit violence and hate against Hindus cannot be booked under this new law as they are exempt from it.

Under the PCTV Bill a Hindu against whom a Muslim including a Bangaladeshi Muslim infiltrator, a jehadi terrorist Muslim or a Christian or any minority makes a complaint he shall be presumed ab initio to be guilty of crimes; that Hindu shall have to be arrested as all crimes under this Bill are cognizable and non-bailable [Clause 58 of may 2011 version]; that Hindu shall have to prove his innocence before a Court; that a Hindu shall be presumed to be guilty by Police & Courts till he proves his innocence [sections 73,74.1 & 74.2]; that the Muslim or Christian making complaint is not required to give any proof or evidence to support charge against the Hindu he has accused; that Hindu shall not be informed as to who has made complaint against him [Section 40, 87.4]; the accused Hindu shall not have right to cross examine his accuser(s) but Muslim or Christian who made the complaint shall be regularly informed about the progress of the case [Section 69]; that during the pendency of the case the Court can attach property of the accused Hindu even before he is found guilty [Sec 82]. And in case Hindu is found guilty his property shall be auctioned to pay damages to Muslims, Christians etc. Where a designated judge is satisfied suo motu or upon a complaint he can ask a Hindu to leave the station but judge cannot ask any minority to leave [Sec 84]. There are many anti-Hindu provisions in this Bill. At least one third of the government advocates dealing with PCTV law in one draft were required to be minorities and only those could be appointed as special prosecutors who are not objected to by any Muslim or Christian etc [Sec 78.3].

There shall be a seven member National Authority both at Central and provincial levels to monitor implementation of this law out of which at least four have to be minorities i.e. Hindus shall be in perpetual numerical minority in this Authority. Hindus howsoever secular cannot be appointed as its Chairman and Vice Chairman vide clause 21.3 of this Bill. This National Authority comprising unelected persons shall boss over all Chief Ministers too which is against principles of federalism.

Hate propaganda [Chapter 2, section 8] by Hindus against minorities is punishable under this law but Muslims and Christian Missionaries cannot be booked under this law for spreading hatred against Hindus. It is well known that Christian missionaries who indulge in conversion do a systematic hate campaign against Hindu beliefs.

If a Muslim woman or a minority woman complains of rape against a Hindu, he shall be arrested, it shall be presumed that charge is correct and he shall have to prove that charge against him is false and that Hindu will not know which woman has made complaint. But if a Hindu woman is raped by a Muslim or a minority male then she has to prove charge of rape against that Muslim etc and her identity shall be told to her rapist.

This Bill is worst than Aurangzebi firmans and reduces all Hindus to second class status and will force every Hindu to dance to the whims and fancy every minority even if that minority is their employee. This Bill if enacted as a law shall give a legal weapon to every minority to send to jail any Hindu he wants to settle his political or personal scores.

Taking advantage of the law contained in this Bill a religious minority can force a Hindu to sell his property to him or rent his property to him, can force a Hindu to write off debts a minority owes to him, a minority employee or a minority subordinate of a Hindu can fix his own boss etc. If a Hindu landlord wants to evict his Muslim or Christian tenant he cannot do so as under this new law on complaint of tenant he shall first be sent to jail. If a Hindu has any Muslim or Christian employee or subordinate and pulls him up for unsatisfactory performance then wife or any relative of that minority employee can lodge complaint of causing mental or psychological harm which will be sufficient to arrest Hindu CMD/ senior [sec 3.9]. Thus fate of all Hindus in India would become worse than fate of Hindus in Pakistan if Hindu voters in India keep sleeping.

Naturally in order to save themselves from being victims of this law Hindus in general may start reducing all interactions with minorities. That is why many analysts call this Bill divisive killing spirit of multi-culturalism.

So this Bill must be opposed by all Hindus. If Hindu voters don't want to rob their children 15% of jobs and if Hindus do not want to go to jails on false allegations of Muslims or Christians etc they must not cast their votes in favour of the Congress Party or its ally Parties in any election.
